

AC 55-5 Red

PRODUCT DESCRIPTION

AC 55-5 Red is a highly concentrated blended acid specially formulated for CIP and COP cleaning of food and beverage processing equipment. AC 55-5 Red is formulated for acid cleaning where low foam characteristics are required.

BENEFITS

Saves Time and Money

- ▲ High concentration enables the product to be used at a lower concentration with faster reaction time.

Helps Promote Quality Assurance

- ▲ When used with a total Ecolab cleaning program, AC 55-5 Red helps provide a clean production environment.
- ▲ Oxidizing formulation helps reduce corrosion which can inhibit complete soil removal.

AC 55-5 Red

PROPERTIES	Form	liquid	Pounds per gallon.....	10.40 (4.72 kg)
	Color	red	pH 1% solution.....	1.3
	Foam	none	Acidity as Phosphoric acid	32.3%
	Spec. Grav. @ 68°F (20°C).....	1.249	Acidity as Nitric acid.....	41.6%

Formula ingredients contain not more than 0.5% phosphorus, 0.6 grams per gal. of average recommended use concentration.

DIRECTIONS FOR USE For CIP or COP applications only:
Use 1 - 3 ounces of AC 55-5 Red per gallon (7.8 - 23.4 mL/L) of water. Circulate at 150 -160° F (66° - 71° C). Rinse with potable water.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

STATEMENT OF ASSURANCE This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP). This product will not adulterate food product provided that before using it, food products and packaging materials are removed from the room or carefully protected and after using these compounds, surfaces are thoroughly rinsed with potable water.

A Letter of Guaranty as indicated in USDA's Sanitation Performance Guideline is available from your Ecolab representative.

ECOLAB SUSTAINABILITY POLICY We have a commitment to our customers to provide effective programs that help protect the health and safety of their customers and employees. We will sell products or services that maximize performance, limit total environmental impact, and are safe as our customers commonly use them. We will inform our customers of the environmental impacts of our products or services, and of their correct use.
