

NM15FL

Crafted using special ergonomically designed forms to reduce fatigue and enhance comfort, SHOWA NM15FL is flock-lined, 15 mil and 13" long and creates a barrier between you and a range of chemicals.

BENEFITS

Flexible, low-modulus glove

Nitrile strength, durability and chemical resistance

Embossed tractor-tread finish gives a vice-like grip in wet and dry situations

Helps channel away hazardous chemicals from the surface of the glove

Ergonomically designed forms to reduce fatigue and enhance comfort
